

When a person is diagnosed with an illness such as heart disease, diabetes and breast cancer, how often does the doctor tell you, "Have your oral cavity checked. It might be connected"? Probably 1 out of 10 doctors would tell you, if at all. You go through a battery of tests, and yet can't find anything . . . Or maybe, it's because we don't know where to look, and what else to look for.

Isn't it time for all of us to learn?

This is a personal invitation for everyone to open their eyes and help create awareness on the importance of oral health to one's personal health and to the environment. It is an invaluable tool for all who want to learn safe and natural options in maintaining good health.

Date : May 11 to 12, 2015

Time : 8:00 am to 4pm

SDA Theater

**De La Salle College of Saint Benilde
Arellano cor Estrada St., Malate, Manila**

**Inclusions : Certificate of Attendance
Lecture Handouts
Morning and afternoon
snacks & drinks
Wholesome organic
lunch**

**Family Life & Wellness Institute
SCHOOL OF HOLISTIC &
INTEGRATIVE HEALTH SCIENCES
De La Salle
College of Saint Benilde**

**Understanding the
TOOTH - BODY
CONNECTION
and the
HOLISTIC Approach in
Health Management**

... an eye opener for all.
... an insight into Biological Dentistry for the
medical and dental professionals.
... an educational experience for the natural healers in
TCM, Hilot, Ayurveda, Chiroprathy, Iridology, Homeopathy,
and physiotherapists, nurses, pharmacists, biochemists
other healers, and mothers.

Mobile no. 09189193157 flwi@dlszobel.edu.ph**

A 2 day symposium for the Patient, the Doctor, and the Dentist.

Listen to Dr. Ewing and Dr. Margolis as they present unknown facts about the oral cavity and create awareness like no other. Learn how heavy metals, endotoxins, jaw bone and periodontal diseases affect our body's ability to produce ATP thus drastically altering the immune system. At the end of this symposium you will :

- * Learn the connection between your oral health, your oral condition and your total body health. Know the effects of oral hygiene on the immune system,
- * Learn about blockages of energy. Know how the body is connected energetically, and how to determine which tooth is on what energetic pathway - "How to find a Tooth- to- Organ connection using a Dental Meridian Chart",
- * The effects of several prescription drugs and their possible links to dental problems, and understanding the importance of knowing what prescriptions your patient is on and what it could nutritionally deplete.
- * Diabetes and dental health, and what is HgA1c.
- * What is cavitation and how cavitations can impact health.
- * Have an insight into the different forms of anemia and create awareness of MTHFR gene (in Syndrome X).
- * Introduce the EAV and Thermography. Observe how thermography, Meridian Stress Assessment and an x-ray can yield valuable information,
- * Discussions on Copper, Nickel and Galvanism in dentistry,
- * Mercury amalgams and its impact on health. Define the difference between Mercury -Free dentists and Mercury-Safe dentists,
- * Learn the toxins in root canals and the toxic problems root canals pose,
- * Learn how to create a word picture, and how word pictures can help patients understand and remember.
- * Learn the specific benefits of probiotics in dentistry.

"The WISDOM of the TOOTH"

Dawn Ewing RDH, L-EMT-P, CCT, DNM, PhD

Dr. Dawn Ewing is a Board Certified Naturopathic Doctor based in Houston, Texas and the current Executive Director of the International Academy of Biological Dentistry and Medicine (IABDM). She has authored several publications and had several media appearances where she discusses "The Dangers of Mercury Filling and How the Oral Health is Connected to our Overall Health", and the "Relationship of Oral Infections to Breast Cancer". Among her many publications are "Let the Tooth Be Known", now on its 4th edition, "Regeneration of Amputation Using Silverlon.", "Nattokinase", "Research Effects of Root Canals and Jaw Cavitations on Health", "Use of Proteolytic enzymes and Jaw Ischemia", "Use of Nattokinase and Jaw Ischemia", "Quantum Physics Using Foot Baths as a Means of Detoxing" (double blind placebo).

FOR THE DENTAL & MEDICAL PRACTITIONERS, learn how to take your practice to a higher level. Learn how to diagnose toxic materials and conditions in a patient's mouth and be able to recognize commonly seen conditions that are harmful but not recognized by Traditional standards. Learn how to make an impact on your patient's life and be the go-to practice for cutting edge information that is science based. Learn the Theories Research and Scientific Resources and Clinical Application of Biological Dentistry.

"THINKING OUTSIDE THE MOUTH"

The Clinical Correlation of Biological Dentistry and the Patient's Health
Michael David Margolis, DDS, Doctor of Integrative Medicine

Dr. Margolis is not just a Dentist, but also a Doctor of Integrative Medicine. He is a Founding member of the Institute of Natural Dentistry, and the Past President of the International Academy of Biological Dentistry and Medicine. His practice focuses on restoring the patient's overall health and well being through many holistic techniques (including avoiding root canals, eliminating heavy metals, using biocompatible dental materials, and much more). He is an accomplished and recognized public speaker, lecturing on many important Holistic topics including: "Holistic philosophy of how teeth affect the entire health of the human body", "Effects of heavy metal dental fillings on patient's health", "CAVITAT™ Medical Technology, an important dental diagnostic tool", "Ischemic OsteoNecrotic lesions, or dead bone from poor blood flow", "Dental uses of ultrasonic technology of the jawbone".
